

Happy New Year!

I hope everyone had a good new year's celebration and (hopefully) no police were involved. 2022 has GOT TO BE better than 2021!

The Christmas Party and Secret Santa gift exchange was a lot of fun and a big Thank You to Scott Wilson for his outstanding Santa impersonation! On the pavilion side, we now have lights but there's still some electrical work to do and I'm looking for bids for the side curtains. Heaters will eventually be added and we can all look forward to enjoying this space year round.

I'd like to give a big THANK YOU to Royal Oaks Country Club. We are the recipients of their charity event they call the Turkey Shoot. To my knowledge it's the biggest cash donation ever received by our Post. The money will be used exclusively for Veteran's Relief. They told me they would make a sizable donation and boy, that was the truth.

My hope for the next year is to get the Post back to business as usual - no Covid - no masks.

Enjoy your Post and all it has to offer.

Hummander Jim

Happy New Year to all!

I pray that 2022 brings more peace to our world and individual joy to each one of our lives!  
We have made it this far and that should be celebrated...

No real updates for the Canteen but a couple of things to mention again. First, if you have any symptoms of a "cold" please refrain from coming in!!

I'm aware people still get sick without it being Covid but NONETHELESS please think of others and stay home!

Secondly, if you are feeling that the Canteen "volunteer" staff are doing something that is needing attention, you speak to one of 3 people. That is Our Commander, our House Committee Chair or myself!

People talk and I get that. However.. Recently we are dealing with some NON-VETERANS, members of the Auxiliaries, that are perhaps feeling this.  
First off, you have to be willing to speak with us about these problems. You must be in a clear state of mind. (No drinks!)  
Spreading your disappointment with others and asking people to not support the Post is just ridiculous!! If you are not a Veteran, you are a guest!! Bottom line!  
I'm sure we all know the saying "If you can't be nice, be quiet" Or stay away!

If you think our prices are high, I invite you to go shopping with me. If you think our bartenders take to many breaks, I invite you to volunteer for the position. We are not here to sling drinks! We are here for veterans and their families! A SAFE place to come and socialize with your comrades! If you're still questioning this, feel free to reach out to one of the 3 people I've mentioned above. Negative stays on the other side of the door when you enter. We are a VFW! Not any other fraternal organization.

Always remember that your bartender is the one in charge. They make the call to serve you or not.  
This is truly the hardest part of my job as the manager, keeping the peace! Let's be the solution not the problem. Thank you!

Our meals for Friday nights are as follows.  
Friday January 7th-Prime Rib with baked potato  
January 14th-Meatloaf with mashed potatoes  
January 21st-Fried Chicken with mashed potatoes  
(Subject to change, based on availability)  
January 28th-Pork-loin chops with scalloped potatoes

I would also like to ask that we all keep Sherry, our cook, in your prayers for a speedy recovery from surgery that she had earlier this week. She is a fantastic addition to the team and we hope she's able to come back very soon! Because of this, Tammy will be pulling double duty in the kitchen. You may see that we go to our fryer menu a bit earlier on some evenings.

In closing I wish everyone a very prosperous new year, stay safe and healthy!! Looking forward to 2022!!

May God Bless is all.

Michelle REX
